

Presenter Guide

When you enter the room, please **introduce yourself** as the picture shows. (e.g “I’m the speaker of the “your report number”, and I’m present.”)

If it's your turn to speak or it turns to the Q&A section, please click the "Participants" and choose "**raise hand**".

When the Session Chair notices your request, he/she will ask you to unmute the microphone.

Choose “**Unmute**” and then you can start talking.

If you want to share your slides (power point) with others, please click “**share the screen**” to share your slides or your window page. (The picture is the demo sharing status.)
Attention: When you have finished your speech, please end your sharing status so others can take your turns.
